

Fleet Management Solutions

The following services complement the Total Maintenance Solutions program and can provide your company with comprehensive fleet management and overall cost reduction:

Administrative Services. Mobilease has a full service titling and registration department to serve all your needs, anywhere in the United States.

Insurance. Our Insurance Administrators will verify and update all information related to your insurance coverage, to ensure your assets are always protected.

Acquisition. At Mobilease, we have an expansive network of dealers to facilitate the purchase of any vehicle product line. We have the buying power to ensure you always get the best deal possible, and the industry knowledge to keep you ahead of the ever-changing market.

Disposal. Mobilease has exclusive access to nationwide auction houses, and consistently monitors the wholesale market. We offer convenient and cost-effective reconditioning and transportation services.

Corporate Card. Learn the true power of the Mastercard, with Corporate Card. Its ability to handle multiple functions including real-time proactive control over spending, detailed information that is instantly available, and enhanced security make tracking easier than ever.

Driving Records. Mobilease can provide driving records (also known as MVR's) that provide a history of violations, suspensions, and driving history of your current and potential employees, to protect your insurance premiums and your company's assets.
